4-1.2 Subdivisions Requiring No New Street, Water, or Sewer Facilities. All subdivisions which do not involve the platting, construction, or opening of new streets, water or sewer facilities may be accepted by the Planning Commission in the form of a Final Plat, provided that essential data required by the reviewing agencies to insure compliance with the intent of these regulations is submitted. This essential data includes a proper soils inventory, a contour map and necessary percolation tests.

4-1.3 Filing. All plats, including preliminary plats, lot splits, and those requiring no new street, water, or sewer facilities, shall be brought before the City Council for their approval before said plats are submitted to the Planning Commission. Lot splits are not required to go before the Planning Commission and shall therefore require only City Council approval. Any person desiring to subdivide land shall file with the Planning Commission 5 copies of the preliminary plat accompanied by a letter of application. In the event that a proposed subdivision abuts a state route, the applicant shall submit two (2) additional copies to be forwarded to the Georgia Department of Transportation for their review. *(Adopted by Lake Park Mayor/Council 4-6-04, P. C. File # LP-2004-02)* The letter of application shall contain the names and address of the developer(s) and his agent(s), the zoning of the property to be subdivided, whether or not the subdivision will be developed in phases, any plans for potential annexation and plans for serving the proposed subdivision with water and sewer facilities. The plat shall be prepared in accordance with these regulations and with applicable county and/or city specifications by a registered land surveyor, who is licensed under the laws of the State of Georgia. The preliminary plat shall be deemed filed with the Planning Commission when it is filed with the Director. *(Adopted by Lake Park Mayor/Council 4-6-04, P. C. File # LP-2004-02)* At the time of filing, a certificate of filing shall be provided to the subdivider and shall include the time and date of filing. The Director *(Adopted by Lake Park Mayor/Council 4-6-04 – P. C. File # LP-2004-02)* shall have authority to reject the preliminary plat if he finds that it does not comply with these regulations. If the Director *(Adopted by Lake Park Mayor/Council 4-6-04 – P. C. File # LP-2004-02)* rejects the preliminary plat, he shall provide the subdivider with a written statement specifying all the respects in which the plat fails to comply. The subdivider may appeal to the Planning Commission from such rejection. The preliminary plat shall include:

[...]

4-2.6 Recording a Plat. Upon satisfactory compliance with these regulations and after approval by the Planning Commission, the final plat will be forwarded to Director *(Adopted by Lake Park Mayor/Council 4-6-04 – P. C. File# LP-2004-02)* to retain until such time that all required minimum improvements have been completed, and accepted by the city, and the required guarantee has been posted. At such time the Director *(Adopted by Lake Park Mayor/Council 4-6-04 – P. C. File # LP-2004-02)* shall record the plat in a timely manner. After the process of recording is complete, the recorded plat shall then be submitted to the City Council for their records.
