Council Member Carl Taylor

MPO Representative: Keith Sandlin (no term limit) appointed September 2, 2014

Planning Commission: (5 year term) Keith Sandlin – term ends April 2, 2022

BOZA Chairman Carl Spano came before Council to highlight some previous recommendations made to Council.

1) Consider the Chairman as part of the quorum, Chair would still have no voting rights unless in the event of a tie.

2) Establish a time line for completion of an approved BOZA request. Approval would expire after 12 months and become null and void and applicant would have to reapply.

3. Current Zoning Ordinance, as a whole, needs to be reviewed and updated. There are been amendments done a few times over the years but it hasn't been reviewed appropriately since it was introduced some 30 years ago. Spano mentioned getting an outside source to help in the review process and possibly make recommendations on revisions.

4. Possible amendment to side yard setback wording. Current side set back is 10 feet from property line, typically due to septic tanks and field lines. They recommend a change to the wording to show if sewer is used for waste disposal then a side yard setback can be a minimum of 5 feet.
