Review and Revise Police Procedures and Polices

Spoke to the ex Police Chief at Ray City who advised he was required to be the City Marshall. The city sent him to City Marshall School which took 18 months to complete.

Officer Benefield will be on medical leave until Jan 1. While recovering he will be taking Investigator Classes. Our Part Time Officers are picking up 90% of his Schedule.

Freds will Close 10/31/2019

Excess Property Class is 11/12/19, Sgt. Langley and myself will attend. We will leave in the afternoon of 11/11/2019 and Return 11/12/19.

I had a couple of weeks of vacation that I didn't take last year. The pervious Chief and Mayor were supposed to write a letter to have the vacation time roll over. This did not happen. The current policy is that you lose it if you don't take it. I'm asking if I can have it back not to take all at one time but to spread over the rest of the year.

Speed Breakers on Long Pond Cost: \$1500 for the Plastic (like in the Farmhouse parking lot) \$3500.00 for the Large Asphalt Speed Breakers (like in Stone Creek) Mike Killeen's opinion is that the Asphalt would last longer than the plastic ones.

I received your letter today. As per our telephone conversation last week, we have contacted the owner of the motor home to move it away from the fence. He is presently in Texas and will be here within the next week to move it. I will contact you afterwards so you can inspect. I understand about the 100 foot rule and nothing will be parked in that area.

Thank you for your assistance,
